

Hello!

I'm a virus, I'm from the
same family as the Flu and
Common Cold.

My name is Coronavirus.

I love to travel.

And I jump from
hand to hand to
say **hello.**

Have you heard about
me?

Yes

No

and how do you feel when
you hear my name?

Relaxed

Confused

Worried

Curious

Nervous

Sad

I can understand you feel...

...I would feel the same way.

Sometimes adults get worried
when they read the news or
see me on the TV.

That's me!!

But I am going to explain
myself so you can
understand.

When I come to visit, I bring...

...difficulty breathing

...fever

...cough

But...

I don't stay with people for long,
and almost everyone gets better
...just like when you scrap your
knee and it heals.

Don't you worry!

The adults who take care of you:

will keep you **safe**.

And you can help....

By washing your hands with soap and water you can sing your favourite song, or happy birthday.
