

Staying at Home (COVID-19 Survey)

Note for parents and carers:

This nationwide survey is intended for children under 7 and older children who would benefit from an accessible option to share their experiences while staying at home during the COVID-19 outbreak.

We will be collecting these responses and analysing the data. The anonymous data will then be shared with Welsh Government, so that they can hear how children in Wales are feeling about the situation and consider any changes that need to be made in order to support them.

We encourage children to respond independently and in their own way, where possible. However, you could support your child by discussing the questions with them and using the prompts provided.

Once your child/children have completed the survey, please email the survey (or a photo of it) to post@childcomwales.org.uk. Or, you could send us a private message on Twitter **@childcomwales** or on our Facebook page.

If you do not have a printer, you are welcome to draw a picture or write on a blank piece of paper and submit this as your response.

It would be useful if you could fill in the monitoring data below, however it is not essential.

Staying at Home (COVID-19 Survey)

This is Sally.

Sally is the Children's Commissioner for Wales.

Sally's job is to make sure children in Wales grow up happy, healthy and safe.

Sally wants to listen to how you feel about spending time at home.

Sally would like to share what you say with people who can keep you happy, healthy and safe.

1. How do you feel about staying at home?

Circle or colour in the face which shows how you feel.

2. Tell Sally about your time at home by writing or drawing a picture in the box below.

Here are some questions to help you:

- What things have you been doing at home?
- Who is keeping you safe?
- Are you missing anything?
