

How to make great bubbles

Get a small pot

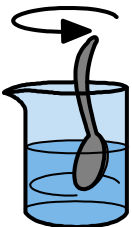

Add some water.

Add a little drop at a time.

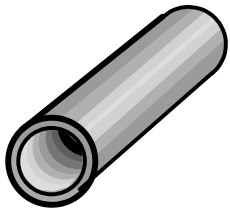

Add a few drops of washing up liquid.

Add them slowly.

Gently mix the washing up liquid into the water

Get an empty kitchen roll tube

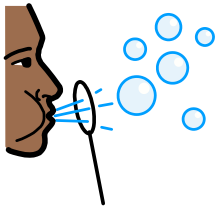

Place the end in the water.

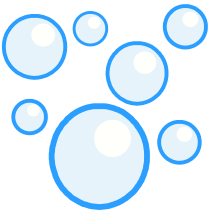

Wait a few seconds

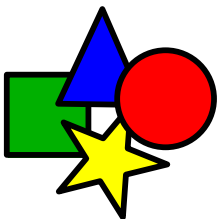

Hold the dry side of the tube to your mouth

Blow into the tube

Enjoy your bubbles!

Try using different shaped tubes to see which ones make the best bubbles.
