

## Talking cards

You can use these talking cards to support young people with Additional Learning Needs (ALN) to take part in this term's mission.

You can use these talking cards in group discussions or for one to one sessions.

Some young people might benefit from pictures to support their thinking during some discussions. For example you could provide them with pictures illustrating the ways your group or community supports well-being.

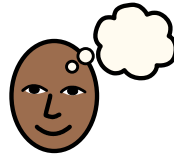

# Talking Card 1

What does

well-being

mean?

## Talking Card 2

How does

group

support your

well-being?

## Talking Card 3

What could

group

do

better?
