

Autumn Special Mission 2021: Foundation Phase

The Mission

We know from the surveys we did in May 2020 and January 2021 that the pandemic has impacted the well-being of lots of children. Sally also knows that schools in Wales do lots of work to look after their pupils and make sure that they are enjoying their rights to be healthy and safe.

Your mission is to find out exactly how your school is supporting pupils' well-being and to share this with other pupils in your school.

Step 1.

Hold a circle time discussion in your class. There are some suggestions below you could use, or you could adapt these questions to suit your class:

- Does anybody know what the word well-being means?*
- Who or what helps to keep you happy, healthy and safe in school?*
- What else could your school do to keep you happy, healthy and safe?*

Step 2.

*Create a presentation for your school's Senior Leadership Team and/or the school's governors to illustrate your circle time discussions. This could be a verbal presentation, a display or a video.**

*Comisiynydd
Plant Cymru
Children's
Commissioner
for Wales*

**Note: if your school has Super Ambassadors in KS2 who will be delivering this part of the mission, then your Foundation Phase pupils could instead present to them, so that they take into account the views of the entire school when they meet with the SLT.*

Show Sally what you did by tweeting her @childcomwales or emailing post@childcomwales.org.uk before 17th December.
